Professionally printed material in English typically does not indent the first paragraph, but indents those that follow. For example, Robert Bringhurst states that we should "Set opening paragraphs flush left." [3] Bringhurst explains as follows: The function of a paragraph is to mark a pause, setting the paragraph saas

The humble onion, which has shaped and reshaped political destinies umpteen times in past, is back to haunt politicians—this time three months before the national capital Delhi going to polls. Onion prices, which have sho... While Jharkhand is being ruled by the BJP, Aam Aadmi Party (AAP) is ruling Delhi, a state where shooting up of onion prices had brought an end to the decade-long rule of the BJP and brought Congress back to power in past. The Congress ruled th
